AK Around the WORLD

3rd EDITION

News from the Chair

Welcome to this first quarterly edition of 2023!

We want to make you aware of several new things we have started to do over the past year. The vision we have for the AK is to better its position on the web and that practitioners, students and patients can converge on quality information and accredited training. To do this, they must be able to converge on the official ICAK website and not on other third parties.

For this reason, we have sought advices from experts to maximize our visibility and improve our accessibility for anyone looking to do Applied Kinesiology.

I am very excited to present to you the new ICAK logo and soon a new redesign

of the website.

Good reading !

Dr. Geneviève Gagné DC, DIBAK

AROUND THE WORLD !!

***"THE SCIENCE BEHIND THE MAGIC"
of Professional Applied Kinesiology***

Annual meeting in Montreal

Sorry if you haven't registered yet... we are currently sold out for all the live participation.

But you could always participate and take all our conferences in a livestream experience !

You may register on the following link : www.formationsak.com/icakmontreal

More information and registration: <https://www.applied-kinesiology.org/wp-content/uploads/2023/02/Shafer-Brain-Recovery-Seminar-2023-1.pdf>

ICAK USA Chapter

Dear International community,

I am extremely honored to host Dr. John Bandy DC, DIBAK for his Trauma techniques. Dr. Bandy is one of the original ICAK charter diplomates. He was also the direct protege of the late Alan Beardall and CK. In practice for over 40 years, Dr. Bandy is truly one of the most educated teachers and greatest AK clinicians alive. His technique helps with both conscious and unconscious; acute, chronic and unknown traumas. He has agreed to have the seminar Livestreamed as it will not be taught often. This is a once in a lifetime chance for those overseas to see him teach. Information is below

Trauma: Find it then Fix it! Coming to Atlanta 2023

After decades of teaching Applied Kinesiology, Clinical Kinesiology, Chiropractic and decades of clinical experience, everyone hopefully hones their technique and creates new ones to serve their patients needs.

Most patients carry traumas of physical, mental and chemical etiology. With proper exam and treatment protocols, chiropractic can be an effective modality for clearing these traumas and normalizing the autonomic nervous system.

This seminar will allow you to go home Monday and employ these protocols. This method is much different than the excellent NET technique. Analysis and treatment for unconscious trauma which can also help; Sleep, BP PTSD, Resting HR, etc.

Dr. John Bandy DC DIBAK

INTERNATIONAL EDUCATIONAL COUNCIL

IEC UPDATES

2023 will be a very exciting year to launch our new web platform. This up to date website will allow students to follow their cumulative credits for Diplomate exam and find where in the world they can take AK courses from accredited teachers. A new simple and efficient way to promote AK education worldwide. Follow us to see the updates !

Let's GO!!

MEMBER AT LARGE WANTED

(PREFERENCE ALIVE PLEASE !)

My name is Dr. Noah Lebowitz and I recently was elected to one of two Member At Large positions on the ICAK board. The ICAK is trying to cultivate a new generation to help with future leadership. This started with our new president, Dr. Genevieve Gagne, and then with myself. For the ICAK to continue to grow and be the amazing resource it is, we need people that can help continue its legacy. We want another member that is excited to work with the board and ideally want to help become a part of leadership in future years.

If interested please apply with your AK experience, why you want to be on the board, and what your future plans for the board look like.

Please send your documents at genevievegagne.dc@outlook.fr

Your Executive Board

Chair

Dr Geneviève Gagné, DC, DIBAK
