AK Around the WORLD

5th Edition

A word from the Chair,

In this September edition, we will put forward fresh and good energy for new projects.

Recently, **Dr Claudia Rothinger, pht, ND, DIBAK** joined our rank taking the second member at large position at the ICAK executive. She will be a great addition to the board with her motivation and enthusiasm toward being part of the AK community. Dr Rothinger is part of DAGAK chapter bringing also a voice from the largest Chapter to the executive board.

Dr. Geneviève Gagné DC, DIBAK

Dr Claudia Röthinger, pht,
ND, DIBAK
Member at Large international
Council

AROUND THE WORLD !!

DÄGAK, ICAK-German Chapter

From among the DÄGAK-Board several years ago there was an initiative that we should have a presentable demonstration of the basic principles of how we perform the Manual Muscle Test and what the significance is for health care.

We wanted to “do the right thing”, what meant to find someone to do the video work in an affordable way. Fortunately, a good friend of mine, Dr. Damir del Monte, who is a neuroscientist and Master of Medicine, along with being a psychologist and who is specialized in video education agreed to do the job very graciously without any funding from our side.

He produced 70 German (Hans Garten) and 70 English (Joseph Shafer) language videos for us, clearly presenting the testing of all major muscles. And he produced an extensive introduction to muscle function from a neuroscientist’s point of view. The videos incorporate over 30 years of our practical and teaching experience. The presentations have been shot “unrehearsed”, i.e. authentic and realistic. All customers will receive both sets of videos so slight differences in practice and interpretation between the instructors will be notable.

For more information see: <https://www.daegak.de/das-daegak-muskeltest-video-ist-fertig-the-daegak-muscle-test-video-is-finally-available/>

International Meeting 2024!

International Highlight

Dr Stephen Sassinis Shashyan DC DIBAK from ICAK Australasia chapter has been on team Novak Djokovic for all the 2023 Grand Slams. He helped him win the USOpen to solidify his number 1 in the world spot. Congratulations !!

IBORS Update

Last ICAK meeting in Montreal was a big week for IBORS!

Whilst we didn't have an 'official' meeting in Montreal, I did have lots of little meetings spread across the week with some very important people as we head into a new era

of research in AK that has never been had before.

I'm so excited about the future of research in AK after this week, I wish I could tell you about all that is planned, the various institutions involved and what that could mean heading forward, but we'll keep this update brief for now.

Following on from Montreal, we have a brand new board driving research:

Trevor Chetcuti, DIBAK – Chair

Alan Jenks DIBAK – IBE Chair

Anne Eugénie Simard DIBAK - Secretary, Chair Research (Canada)

Lawrence Calderon DC - Chair research (USA)

Thibaut Nercam DC - Member

Our new board are already hard at work in the process of reviewing several funding applications for research as well as assisting some individuals with their research projects.

We have a lot of opportunities in our hands right now to rapidly grow AK research. Our team is working hard to make these viable projects that provide you

ARTICLE SHARING

One of our member, Dr Donald McDowall kindly shared his thesis in Chiropractic Philosophy for the interest of our chiropractic members.
