# AK Around the WORLD

## March 2024 EDITION

### 7th Edition

*A word from the Chair,*

Welcome to this first 2024 edition of your international newsletter. This coming year promises to be very active. We have finally put the new website [icak.com](https://icak.com) online with the aim of converging referencing on applied kinesiology and manual muscle testing towards accurate information that clearly defines who we are and what we are as an organization. My future goal is to implement web strategies so that good information about our organization takes precedence over anything that can be interpreted to our detriment and harm us.

Be sure to follow our monthly webinars to learn

from experts representing each of the different chapters.

Don't forget to register for the annual conference which will be held in Toulouse, see you soon!

Dr. Geneviève Gagné DC, DIBAK

## **ICAK-Canada Chapter**

It is with great pride that we were at UQTR last week to present Applied Kinesiology to the chiropractic department. It was a pleasure to create new bounds with students and awake new passion with this amazing tool. A special thank to Dr Charles Héroux and Dr Geneviève Gagné for their time and their presentation and also to Dr Frederic Rancourt, Dr Jean-Sebastien Bernier and our chair Dr Catherine Therrien for their time in making this happen.

## ICAK France Chapter

The International ICAK meeting is around the corner and as it will be the 60th anniversary we'd like to pay tribute to George in order to thank for everything he gave us.

We'd like to realize an electronical canvas of his

portrait formed by moments we've shared with him or through him during seminars or meetings.

So if you have pictures of George with you, family, friends, during personal or professional moments (at home, in his/your office, during his seminars or lectures or group pictures from seminars you've attended. For those who never knew him but attended AK seminars please send us too these moments are part of his legacy so don't be shy) that you might be kind enough to let us use to create this tribute, please feel free to send it at the following mail address: [chairman.icak.fr@gmail.com](mailto:chairman.icak.fr@gmail.com)

Huge thanks and hope to see you guys anytime soon now!  
Take care y'all

*Pierre Guire, ICAK France Chairman*

## **ICAK Benelux Chapter**

**How to adjust all joints of the body  
according to the kinematic chain of injury  
Advanced Adjusting Techniques for the AK  
Practice**

*Dr John R. Schmitt, DC, DCBCN  
June 15-16th 2024 Conference in Brussels,  
Belgium*

**UPCOMING SEMINAR**

Course Overview:

Dr. Schmitt will teach and demonstrate updated essential treatment procedures and adjusting techniques, several of which he has personally developed during his 41 years of clinical experience. Very few of these techniques have been taught previously. Manual muscle testing and applied kinesiology techniques will be used to obtain a precise evaluation both before and after treatment procedures. Hands-on workshops will be included.

# ICAK USA Chapter

- ICAK-USA will be launching a new website this Spring. We will have video and material archives, a developing Education portal and member resources/libraries. The website will be more user-friendly for both members and patients who are looking for doctor referrals.
- ICAK-USA is accepting donations for the AK Documentary. We have received tremendous support from our members and have raised over \$100,000 to date! To learn more, view the current list of donors or to donate, click [here](#).
- Save the Date for the 2024 ICAK-USA Homecoming, July 25-28, in Dallas, TX. Registration launches in April!
- ICAK-USA introduced our new HTML publication, *AK Clinical Applications Update*. This is unlike our current e-newsletters. With *AK Clinical Applications Update*, we are asking the membership to get involved by sharing their knowledge, research and demonstrations. We are now accepting submissions! Please send your article, research summary or video, to [icak@dcj-kansascity.com](mailto:icak@dcj-kansascity.com) for review. Please reach out to Angela Capra, 913-387-5608 or email [acapra@dcj-kansascity.com](mailto:acapra@dcj-kansascity.com) if you have questions or need additional information. ## INTERNATIONAL BOARD OF RESEARCH AND STANDARDS

IBORS has been frantically busy over the last quarter reviewing and providing recommendations on the research project initiated by the ICAK-A and New Zealand College of

Chiropractic. This review has taken many weeks to complete and included several meetings within our board as well as meetings with NZCC to complete.

IBORS is currently in planning for our international meeting in France with several things planned, including a research project.
